Astonishing views, challenging gravel roads and inspiring places.
The Alps-Crossing that you never knew was possible. Let Beyond Adventure take you to the new heights in the heart of Europe.
BEYOND ADVENTURE THE ALPS-CROSSING

The Alps are the highest and the most extensive mountain range in Europe. The highest point - Mont Blanc with its 4,810m - is on our route but unfortunately, there are no roads to the top, so instead we go under the mountain!

The Alps have so much more to offer. Amazing gravel roads, small mountain passes, beautiful villages, its own flora and fauna and of course astonishing views. The heart of the Alps is very well known to many travellers, but right next to the crowded tourist routes Beyond Adventure will take you to breath-taking gravel paths that are paving their way from one mountain pass to another. Surprising spots where endless serpentine roads are hidden between the 100 Alps’ peaks higher than 4,000m. 4 countries and 10 mountain passes tell only a small part of the story.

And as the scenery is not enough - we turn up the experience with our unique cars offered. You can choose between our specially developed Porsche 911 (964/993) Beyond Adventure Safari Edition with its special terrain set-up or our well known Porsche Cayenne Beyond Adventure Edition, developed after many world record drives across continents. Where else is this possible?

This Alps-Crossing is possibly only being offered for our 2021 season - due to demand for the cars elsewhere - so it’s time to sign in to ensure your spot!

EXCELLENCE PAIRED WITH PASSION, ADVENTURE AND PRECISION

Beyond Adventure is all about exploring the world on passionate and unique driving adventures. Getting from A to B shall become your experience not just transport. We offer you to explore “bucket-list” destinations. All behind the steering wheel of the coolest vehicle for the challenges.

We dare to motivate you to go where no-one normally goes and we want to exceed your expectations with our one-of-its-kind concepts. We redefine automotive adventures and target via a distinctive teamwork to also extend your network and to create friendships. When joining a Beyond Adventure you will become the part of a passionate team and will immediately feel our uniqueness in how we do things.
Jan Kalmar Beyond Adventure was established by Jan Kalmar – an adventurer, petrol head and extreme driver who is constantly exploring the planet on four wheels. This life-long passion has led to an extensive network. Jan has bent the limits for automotive challenges for over 20 years and even set World Records in the process.

INDIVIDUAL APPROACH

For us the experience must be distinctive – we supply the best service wherever we go but never lose the flexibility and individual approach. Therefore have we developed an unique Classic Rally-Style Driving Concept for Beyond Adventure, not competing for the fastest time but instead for the most precise timing. This means you drive and navigate by yourself independently. Of course, the support team is always close by and for the most challenging stages, the entire group stays together.

YOUR TEAM

The passion for adventures is deep within our vastly experienced event team. We always aim for the best possible comfort and always ensure you are never alone. In case of an emergency, break down or a simple puncture, there is a solution assisted by the Beyond Adventure team. So, although you drive solitary, you are never alone, even in the most remote areas. On special adventures a Beyond Adventure paramedic is present to ensure premedical assistance in an unlikely emergency. Same goes for vehicle issues if needed a specially trained technician is on site.

For all Beyond Adventures the team always includes a local guide to explain about the area and inform about local habits and traditions, simply to widen your horizon - as Hans Christian Andersen said: “to travel is to live.”

Behind the scenes, a team of travel experts is on alert from start to finish following your progress via GPS tracking for your safety and comfort – always ready to support.

The experience starts already when signing in, from that moment you can always rely on our support. Our adventure starts at the arrival airport. From here all is taken care of all the way to the departure airport. Get ready to explore the world you never knew existed... the extraordinary world!

Let the adventure begin,

DAY 2

Let the Adventure begin! We start easy by adapting to the cars which shall get you over many mountain passes over the next days. Today we drive the back roads from Stuttgart via the Black Forest to the foot of the Alps. The first small pass will open your view towards the mighty Mont Blanc as a small appetizer for all the amazing views to come. First stop will be a great lunch in one of the oldest ski resorts in France – Chamonix.

After lunch, be prepared for leaving the busy Alpine capital of the world and passing under the highest mountain in Europe – Mont Blanc – yes, of course via one of the longest tunnels in Europe.

Enjoy the night in Chalet Le Rocher in Val d’Isère, a beautiful mountain village.

In the morning you will head directly to the skies on tarmac road. Enjoy it while you can as soon that will change and the surface will transform into gravel roads connecting the mountain ranges, letting you explore your skills and limitations of the cars.

The route may be short in distance but rich in breath-taking views, action-packed roads and full of places unknown to most, which will give you memories that will last forever.

Enjoy lunch packs on the go and after a day of exploring new routes, soothe yourself with a Piemonte wine tasting and Italian dinner as our drive will end in an authentic, overnight stay, maybe even with a soft roof...

DAY 4

Prepare yourself for a day full of serpentine gravel roads, challenging you to reach limits for both you and your car. Remember to finish first - first you have to finish, so take good care of your cars and your heartbeat. Heading to Col du Sommeiller with its close to 3,000m altitude making it one of the highest drivable roads in the Alps. At the top, you will enjoy your picnic lunch next to the stunning blue turquoise lake.

Steer back down towards the valley and start climbing over a low pass before the real navigation challenge starts when you need to find your “own” way over the Col du Granon mountain pass. Heads up - keep going when you see “no entry” sign!

Relax in the heart of the Alps after a day full of driving and thrill of emotions contemplating the beautiful mountain view.
